

## **Residential Barber Kit**

- One (1) enclosed and labeled container with clean towels separated from other equipment
- One (1) enclosed and labeled container solely for soiled towels
- One (1) shampoo cape
- One (1) chair cloth
- Trash bags
- One (1) leak-tight container for wet disinfectant solution
- One (1) container of wet disinfectant solution
- One (1) aerosol spray disinfectant for clippers
- One (1) portable ultraviolet sanitizer
- One (1) blood exposure kit
- Extra disposable gloves
- One (1) bottle of rubbing alcohol
- Hand sanitizer
- Cotton balls
- Cotton swabs
- One (1) sharps container for biohazard material removal
- Neck strips
- A portable shampoo bowl; if applicable (see below)

\*A portable shampoo bowl shall only be required, and be available for inspection, when a barber is providing services in a residence involving removal of chemicals, including, but not limited to, color, permanents, relaxers, and conditioners. If a barber intends to provide such services, the portable shampoo bowl shall be available for inspection prior to the issuance of the residential barber certificate. If a barber decides to provide such services after issuance of the residential barber certificate, the barber shall be obligated to notify the board and obtain a new equipment inspection at the barber's expense.
